REPORT OF THE COURSE & TEACHER ASSESSMENT

Year : 2021-22

Semesters : I & III

COURSE ASSESMENT

The report of assessment on various courses taught in the first and third semesters of the academic year 2021-2022, submitted based on the assessment of respective students was studied and analyzed. The submitted reports show that the students are satisfied with the components included in the questionnaire. A major section of the students responded that the courses were simple, relevant, and interesting. They have the opinion that the courses are having good coverage of the subject concerned and are very stimulating. Large majority of the students are very much interested to continue their further studies in the subject area. As a whole, the students are satisfied with various qualitative and quantitative aspects of the courses. Though, a good fraction of students feels that the content of the courses is difficult/somewhat difficult to understand. The current syllabus is revised for the subsequent batches of students. Even though, continuous monitoring and appropriate remedial classes have to be arranged in the future along with demonstrations and field/experimental studies.

TEACHER ASSESMENT

The reports of teacher assessment done by students concerned based on a questionnaire of a set of 16 questions were submitted by the teachers. The analysis of the reports shows that the students are satisfied with the various quality parameters of the teachers. The overall grades given by the students to teachers for different components are very high, near to 4, out of 4. In general, the students are satisfied on the major qualities such as depth of knowledge, communication skill, evaluation skill, ability to inspire, punctuality, ability to stimulate original thinking, availability outside classroom, classroom management and use of modern techniques.
